

Contents:

Translating Endophytic Fungal Research Towards Pharmaceutical Applications	Sunil Kumar Deshmukh	01-13
<i>Nannizzia graeserae</i> sp. nov., a new dermatophyte of geophilic clade isolated from vicinity of a barbershop in India	Rahul Sharma and Yogesh Shouche	14-20
Additions to the Indian <i>Phylloporus</i> (<i>Boletaceae</i>) based on morphology and molecular phylogeny	Dyutiparna Chakraborty, Manoj E. Hembrom, Arvind Parihar, Md. Iqbal Hosen and Kanad Das	21-25
Further contributions to the documentation of lichenicolous fungi from India	Yogesh Joshi, Manish Tripathi, Kapil Bisht, Shashi Upadhyay, Vishal Kumar, Neha Pal, Ankita Gaira, Sugandha Pant, Kamal S. Rawat, Sunita Bisht, Rajesh Bajpai and Josef P. Halda	26-33
The effect of aqueous extract of some wild edible macrofungi on <i>in vitro</i> diffusion of glucose	Pratima Vishwakarma, Pooja Singh, Veena B Kushwaha and Nijendra Nath Tripathi	34-37
Impact of mechanised threshing on the variability of airborne fungal spores over a paddy field in Imphal valley, Manipur	Chongtham Ranjib Singh, Mutum Shyamkesho Singh and N. Irabanta Singh	38-40
Biochemical basis of Systemic acquired resistance induced by different SAR elicitors against downy mildew of muskmelon	Astha, P. S. Sekhon and M. K. Sangha	41-47
Arbuscular mycorrhizal fungal diversity in <i>Oryza sativa</i> (rice) varieties cultivated in Khazan lands in Goa	Wendy Francisca Xavier Martins* and Bernard Felinov Rodrigues	48-52
<i>Chaetomium globosum</i> : A potential fungus for plant and human health	Sharda Sahu and Anil Prakash	53-63
<i>Crousobrauniella</i> , an interesting new foliicolous hyphomycetous genus from Uttar Pradesh, India	Shambhu Kumar, Raghvendra Singh, Dharmendra P. Singh and Kamal	64-68
The genus <i>Sistotrema</i> Fr. (<i>Hydnaceae</i> , <i>Cantharellales</i>) from district Shimla (Himachal Pradesh)	Maninder Kaur, Ramandeep Kaur, Avneet Pal Singh and Gurpaul Singh Dhingra	69-72
Degradation of Azo dyes by saprobic microfungi from mangrove and terrestrial forests in India	Revanth Babu Pallam, Vaibhav Arun, T. Bhanuteja, M. Niranjan, B. Devadatha and V. V. Sarma	73-77
<i>Poronia pileiformis</i> (Berk.) Fr.-A new report to Karnataka	K.J. Nandan Patel, Syed Abrar, Sunil Kumar and M. Krishnappa	78-79
Distribution of endophytic fungi in <i>Areca catechu</i> growing in two different habitats	S. Maheshwari, Rajagopal Kalyanaraman, Balakrishnan Meenashree and A., Tuwar	80-83
Twelve new species of Ascomycetous fungi from Andaman Islands, India	M. Niranjan and V. Venkateswara Sarma	84-97
