

Contents:

- Immunodetection of *Rhizophagus fasciculatus* and *Gigaspora gigantea* in soil and root tissues in *Citrus reticulata*, their exploitation as bioinoculants and cellular localization of defense enzymes following induced immunity developed against *Fusarium solani*
B.N. Chakraborty and Sanjita Allay 1-10
- Dual inoculation with AM fungus *Funneliformis mosseae* and PGPR *Bacillus sonorensis* enhances growth of brinjal seedlings raised in pro trays
P. Chandini, R. Ashwin and D.J. Bagyaraj 11-15
- New record of *Ascorhizoctonia praecox* (*Tricharina praecox*) from India
Aroosa Jan Mattoo and Skarma Nonzom 16-20
- Seasonal variations in diversity and distribution of arbuscular mycorrhizal fungi in mangrove species of Indian East and the West coast
Sankrita Gaonkar and B.F. Rodrigues 21-28
- Co-cultivation of *Aspergillus nidulans* with *Actinoplanes utahensis* for the production of echinocandin B nucleus, a precursor of an antifungal agent anidulafungin
M.C. Shivakumar and J. Savitha 29-33
- Symbiotic response of fodder cowpea (*Vigna unguiculata* L.) and field bean (*Lablab purpureus* L.) with different arbuscular mycorrhizal fungi
P. Ranadev, R. Ashwin, N. Anuroopa and D.J. Bagyaraj 34-38
- Aging increases arbuscular mycorrhizal fungal diversity in iron ore mine sites
M.J. Bukhari and B.F. Rodrigues 39-47
- Fine root endophyte association in widely cultivated palms of southern India
Balachandar Mayakrishnan, Koshila Ravi Ravichandran and Muthukumar Thangavelu 48-53
- Diversity and bioactive potential of fungal endophytes associated with *Ocimum tenuiflorum* L. grown under different shade net conditions
K. Yuvarani, V. Prabhakar, T. Janaki, T.S. Murali and V. Kumaresan 54-60
- Arbuscular mycorrhizal fungi and host plant relationship with respect to heavy metal remediation of soil
Saloni Gulati, Anita Narang, Anupama Shukla, Roma Katyal, Rashmi Mathur and Jasleen Kaur 61-74
